TEQIP-II CoE Sponsored Short Term Course on
EMERGING TRENDS IN SIGNAL AND IMAGE PROCESSING, COMPUTER VISION AND PATTERN RECOGNITION

March 08 - 14, 2017

Course Coordinators:
Dr. Debashis Nandi (Department of CSE)
Dr. Mrinal Kanti Mandal (Department of Physics)

National Institute of Technology Durgapur
Mahatma Gandhi Avenue
Durgapur 713 209

Last date of registration: February 28, 2017
THE INSTITUTE
National Institute of Technology Durgapur (NITD) is a leading technical institute offering undergraduate, postgraduate and doctoral programmes in various disciplines of engineering, technology, science, social science and management. The education system is holistic with equal importance being attached to all-round development of the students. NITD was established as a Regional Engineering College (REC) in 1960 as a joint venture of the Government of India and Government of West Bengal. REC Durgapur was converted to NIT Durgapur under the full administrative and financial control of the Ministry of Human Resource Development of Government of India with a Deemed University status on 3rd July, 2003. Subsequently NITD has been given the status of a University by the UGC Act. The Institute was declared an Institute of National Importance by the Government of India on August 15, 2007.

The city of Durgapur is recognized as one of the fastest developing Tier–II cities in the national scenarios. Durgapur is situated at a distance of about 180 KMs from Kolkata. It is located right on the major railway and expressway (NH-2) connecting Kolkata to Delhi and Durgapur can be reached from Kolkata (and vice versa) in ~ 2 hrs. 30 mins.

THE DEPARTMENT
Department of Computer Science and Engineering of NIT Durgapur is one of the leading Departments in terms of teaching qualities and research activities. The department has been offering undergraduate course in CSE and IT. Within a very short span of time, the department has created an excellent learning environment with dedicated young faculty members, technical staff, 'state-of-the-art' laboratories and innovative academic processes. The department provides computational facilities for system level programmers, application development and research. The Department, over the years, is successfully undergoing several projects sponsored by the DST and DIT, Government of India. A number of students are working at present for their Ph.D. degrees undergoing research under supervision of several faculties. Theoretical and experimental investigations are being carried out in the frontier areas like Modeling & simulation of Networks, Optical Burst Switched Network, Distributed Systems, Wireless Networks, Knowledge Management, data mining and Case based reasoning, Swarm Robotics, Soft computing, cryptography and network security, VLSI testing, distributed computing, software engineering, image processing, algorithms and applications, chaos and security, bioinformatics and several other allied and interdisciplinary domains. The department has been offering three post graduate courses. Many students who have received their M.Tech degrees from this Department are serving now in different Institutes of higher learning in India.

ABOUT THE SHORT TERM COURSE
Emerging Trends in Signal and Image Processing, Computer Vision and Pattern Recognition discusses the latest in trends in imaging science which at its core consists of three intertwined computer science fields, namely: Signal and Image Processing, Computer Vision, and Pattern Recognition. There is significant renewed interest in each of these three fields fuelled by Big Data and Data Analytic initiatives including but not limited to; applications as diverse as computational biology, biometrics, biomedical imaging, robotics, security, and knowledge engineering. These three core topics discussed here provide a solid introduction to signal and image processing along with low-level processing techniques, computer vision fundamentals along with examples of applied applications and pattern recognition algorithms and methodologies that will be of value to the signal processing and computer vision research communities.

The Objectives of the short term course is to bring researchers and technocrats from different parts of our country to a common gathering for exchanging and sharing the recent developments in digital image processing and multimedia encryption and their applications in different trade of engineering and technology like satellite imagery, medical imaging, videophone, character recognition, and photograph enhancement, multimedia data protection etc.
TOPICS TO BE COVERED

- Digital Image Reconstruction and Processing
- Image processing via sparse representation
- Video processing
- Applications of pattern recognition and Classification
- Character Recognition

RESOURCE PERSONS

The resource persons constitutes experts/senior faculty members from NIT Durgapur and various guest speakers from other reputed institutions and industries including ISI, BESU, IIT, Industries, Research Institutes, etc.

WHO CAN ATTEND THE COURSE

The course is aimed to attract and bring together Faculty Members, Scientists, Engineers, Technologists, Research Scholars and Final Year UG/PG students from Academic and Research Institutions and Industries. The participants will be benefitted immensely and will get new insights and knowledge about the topic through close interactions/discussions with the Senior Faculty Members/Scientists and Experts of the respective field during the lecture sessions as well as in some laboratory sessions.

BOARDING & LODGING

Boarding, lodging and travel expenses shall be borne by the participants. Several good hotels are available in and around Durgapur. Participants may contact directly or through the coordinator(s) for accommodation in Hotels.

REGISTRATION FEES

<table>
<thead>
<tr>
<th>Participants</th>
<th>Fees</th>
</tr>
</thead>
<tbody>
<tr>
<td>Participants from Academic/ Research Institutes</td>
<td>Rs. 1000/-</td>
</tr>
<tr>
<td>Faculty/Staff Member and Research Scholars/Students</td>
<td>Rs. 2500/-</td>
</tr>
<tr>
<td>Members from Industries</td>
<td></td>
</tr>
</tbody>
</table>

Registration fee includes study/lecture materials, refreshment and lunch for 5 days during the course.

Last date of registration: February 28, 2017

ORGANIZING COMMITTEE:

Chairman
Dr. Subhrabrata Choudhury, Dept. of CSE

Joint Organizing Secretary
Dr. Debashis Nandi, Dept. of CSE
Dr. Mrinal Kanti Mandal, Dept. of Physics

Members
Dr. Baisakhi Chakraborty, Dept. of CSE
Dr. Sajal Mukhopadhyay, Dept. of CSE
Dr. Debashis Mitra, Dept. of CSE
Mr. Jaydeep Howlader, Dept. of CSE
Mr. Animesh Dutta, Dept. of CSE
Mrs. Dipanwita Das, Dept. of CSE
REGISTRATION FORM

TEQIP-II Sponsored One Week Short Term Course on
EMERGING TRENDS IN SIGNAL AND IMAGE PROCESSING, COMPUTER
VISION AND PATTERN RECOGNITION
March 08-14, 2017

1. Name: ----------------------------------------------------------

2. Designation & Affiliation: ----------------------------------------

3. Male/Female: -----------------------------------------------------

4. Mailing Address: --------------------------------------------------

5. Telephone No.: ___________________ & ___________________ (M)

6. E-mail ID: ---------------------------------------------------------

7. Highest Academic Qualification: -------------------------------------

8. Working Experience (In nos. of Years): -----------------------------

9. Accommodation required* (Y/N): -------------------------------------

10. Registration fees: DD/Cheque No. __________ Date _______ Amount __________
    (Account Transfer/DD/Multi City Cheque should be drawn in favor of “NITD IT PHY”, payable at Durgapur.)
    A/C Name: NITD IT PHY    A/C No. 33154858334    IFS Code: SBIN0002108

11. Vegetarian / Non-Vegetarian: -------------------------------------

Place: ___________  
Signature of the Applicant
Date: ___________  
Signature and Seal of the Head of the Department/Institute

N.B.: Please ensure that all the fields (1 to 11) are properly filled-in and then duly signed. Photocopy of this form may also be used for registration. Please send the completed application form together with the scanned copy of the demand draft to the Course Coordinator by E-mail.

CORRESPONDING ADDRESS
Department of Computer Science and Engineering
National Institute of Technology, Durgapur
M. G. Avenue, Durgapur – 713209, West Bengal, India.
